Important Questions	Answers	Why This Matters:
What is the overall <u>plan maximum</u>?	No overall plan maximum for most services. Some benefits and services have coverage limitation.	This plan complies with Affordable Care Act (ACA) of 2010 with respect to provision on lifetime and annual limits. https://www.healthcare.gov/health-care-law-protections/lifetime-and-yearly-limits/
What is the overall <u>deductible</u>?	\$0/Individual or \$0/Family for Participating Providers \$300/Individual or \$900/Family for Non-Participating Providers	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the policy, they have to meet their own individual deductible until the overall family deductible amount has been met.
Are there services covered before you meet your <u>deductible</u>?	Yes. Preventive care services are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the annual deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/
Are there other <u>deductibles</u> for specific services?	No.	You must pay all of the costs for these services up to the specific <u>deductible</u> amount before this <u>plan</u> begins to pay for these services.

<p>What is the <u>out-of-pocket limit</u> for this <u>plan</u>?</p>	<p>For combined in <u>network and out of network providers</u> Medical: \$4,200 individual / \$8,400 family Prescription: \$4,200 individual / \$8,400 family</p>	<p>The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.</p>
<p>What is not included in the <u>out-of-pocket limit</u>?</p>	<p><u>Copayments</u> for certain services, <u>premiums</u>, <u>balance-billed</u> charges, deductible amounts, and health care this <u>plan</u> doesn't cover.</p>	<p>Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u>.</p>
<p>Will you pay less if you use a <u>network provider</u>?</p>	<p>Yes. See www.takecareasia.com or call 1-877-484-2411 for a list of <u>network providers</u>.</p>	<p>This <u>plan</u> uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an <u>out-of-network provider</u>, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (a balance bill). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.</p>
<p>Do you need a <u>referral</u> to see a <u>specialist</u>?</p>	<p>Yes.</p>	<p>This <u>plan</u> will pay some or all of the costs to see a <u>specialist</u> for covered services but only if you have a referral before you see the specialist.</p>

All **copayment** and **coinsurance** costs shown in this chart are after your overall **deductible** has been met, if a deductible applies.
