

## Honoring the Legacy Celebrating the 250th Birthday of the U.S. Navy

## Kristi W. HR Information Systems Specialist

Last year my husband's ship did a homeport shift from San Diego to Sasbeo. On the day they arrived, I got a lovely email from the GM of NEX Sasebo letting me know she'd met my husband! He told her that I worked for NEXCOM and she reached out to say "Hello". Sad not to be there for the homecoming, but at the moment I felt connected. My company was there to welcome and support MY sailor.
