# BASE SCHOOLS

## Elementary and High Schools

As we do not have a DoDEA school in Singapore, families eligible for the Non-DoD Schools Program (NDSP) have the opportunity to choose a school option (for students in grades K through 12), including private schools and home school programs, that best meets the needs of their children and family. NDSP provides support and funding for the education of authorized command-sponsored dependents of military members and DoD civilian employees assigned to overseas areas where no DoDEA school is available within the commuting area

The first step in ensuring enrollment into schools is to contact the School Liaison Officer (SLO). The SLO is employed to help navigate academic pressures on military children and their families as they move around the world and transfer between school systems. The SLO is here to assist you with just about any school-related question. Please contact the Singapore SLO at [SLO\\_Singapore@fe.navy.mil](mailto:SLO_Singapore@fe.navy.mil).
