Ships Store Program: (A) SS17-020

Pass To: Ships Store Officer

Ref: SS16-005

UPDATE TO SHIPS STORE BULLETIN SS16-005 FOR CORRECTING DUPLICATE STOCK NUMBERS CAUSED BY CATALOG CHANGE

Discussion: In order to correct the duplicate stock number issue for ROM 3 ships, effective December 1, 2017 the stock numbers will change for Pepsi, Diet Pepsi and Mountain Dew.

Action: This change will not affect any outstanding orders. All future orders will require ships to use the new stock numbers listed in this bulletin. Ships have two options for correcting their inventory levels. Ships can wait until inventory in the old stock number is sold out or conduct a spot inventory in 9900 to bring over the inventory from the old stock number to the new stock number.

Note: All spot inventories must be done in 9900 to avoid irreversible inventory discrepancies caused from spot inventories in Non-EPOS sales outlets. All gains and losses (sales) will be reflected on the Back of the 153 potentially causing Level 2 or 3 differences.

| OLD STOCK NUMBER | NEW STOCK NUMBER | DESCRIPTION | UNIT OF ISSUE |
|------------------|------------------|--------------|---------------|
| 8700000140 | 876000000107 | PEPSI | CN |
| 8700000141 | 876000000109 | PEPSI, DIET | CN |
| 8700003201 | 876000000108 | MOUNTAIN DEW | CN |
