Re: Consolidation of "Ship To" Addresses for NEXCOM Facilities

Dear Supplier Partner:

Effective 20 March 2006, NEXCOM will change location codes for West Coast Distribution Centers (WCDC) in Chino / San Diego, California. Later in 2006, at a date still to be finalized, NEXCOM will change location codes for Southeast Distribution Centers (SEDC) in Pensacola / Jacksonville, FL. Currently, our Distribution Centers have separate location codes for Retail, Fashion, Furniture and Uniforms. Effective with these changes, WCDC will have only one location code and SEDC will have only one location code. Both regions will incur "ship to" address changes. Examples of the old and new location codes and purchase order address changes are listed below:

From
984 NEX Fashion Distribution Center
NEXCOM - SEDC Bldg 781- I Page Rd
NAS Pensacola, FL 32508

To
983 NEX SEDC Southeast Dist Center
Call 1-800-423-4171 or login at
https://www.nexnet.navy.mil/fastweb/
Pensacola, FL 32508

From
986 NEX West Coast DC (Fashion)
4250 Eucalyptus Ave
Chino, CA 91710-9704

To
995 NEX WCDC West Coast Distribution Center
Call 1-800-423-4171 or login at
https://www.nexnet.navy.mil/fastweb/
Chino, CA 91710-9704

Regardless of purchase order FOB terms, it is mandatory that the complete "ship to" addresses be obtained from the NEXCOM Field Traffic Office (FTO) during the routing process prior to shipment to any Navy Exchange facility (i.e., retail stores, distribution centers, etc.) worldwide. Purchase order routings may be obtained via Vendor Web Routing at https://www.nexnet.navy.mil/fastweb/ or by calling the FTO in San Diego at 1-800-423-4171. Before accessing Vendor Web Routing for the first time, please obtain a copy of our NEXCOM Shipping Instructions at: http://www.navy-nex.com/command/contractor\_vendor/cv-traffic.html.

If you have any questions concerning this notice, please contact the FTO at 1-800-423-4171, Monday through Friday from 6:30 AM to 3:30 PM Pacific Time, with the exception of national holidays.

Thank you for your cooperation.
